

EXCELLENCE
AND INNOVATION BUILT INTO
EVERY DESIGN

ABOUT Us

Established in 1998 by Mr. R.S. Mittal , Mittal Engineering Industries is the leading company of Rolled Non-ferrous Products situated at Jagadhri in Haryana(INDIA). Mittal Engineering Industries manufactures Copper and Copper based alloys in form of Coils, Sheets, Strips, Circles and Ingots/Billets with a Production Capacity of 18,000 MTPA. Mittal Engineering Industries has an integrated manufacturing facility from melting, casting to produce wide range of Strips and Coils Ranging from 0.08 mm – 12.00 mm in thickness and from 4.00 mm to 406 mm in width with precise tolerances.

Accredited with **ISO 9001** and **ISO 14001** Certifications, Mittal Engineering Industries have rigorous quality control system assuring its customers an internationally acceptable quality product.

Millions of people everyday use material processed by Mittal Engineering Industries in various forms. Our products are used by BHEL and numerous manufacturers of Electronic, Electrical / Power transmission, Switchgear, HT Capable, Auto components, Railway, Indian Defence, Temples, Handicrafts, Radiators, Keys & Locks, Zippers, Sanitary Fittings, torches and many more.

Our Mission

To Exceed Our Customer's Expectations In Quality, Delivery And Cost Through Continuous Innovation And Technology Up-Gradation.

Our Vision

To Be A World Class Company In The Sphere Of Non Ferrous Semis And To Create Value For All Its Customers With A Passion For Excellence.

Mittal Engineering Industries is an ISO 9001 : 2015 Certified Company

Name of Managing Partners	- Mr. Rajiv Mittal & Mr. Rahul Mittal
Year of Establishment	- 1998
Nature of Business	- Manufacturer, Exporter, Importer & Supplier
Number of Employees	- 200
Market Covered	- Worldwide

CERTIFICATE

Iso Certificate : Mittal Engineering Industries Is An Iso 9001: 2015 Certified Company, Engaged In The Manufacturing Of Copper & Its Alloys. With Our Strong Infrastructural Base And Highly Skilled Workforce, We Have Been Recognized As A Prominent Company, Offering World Class Range Of Products.

Our Clients

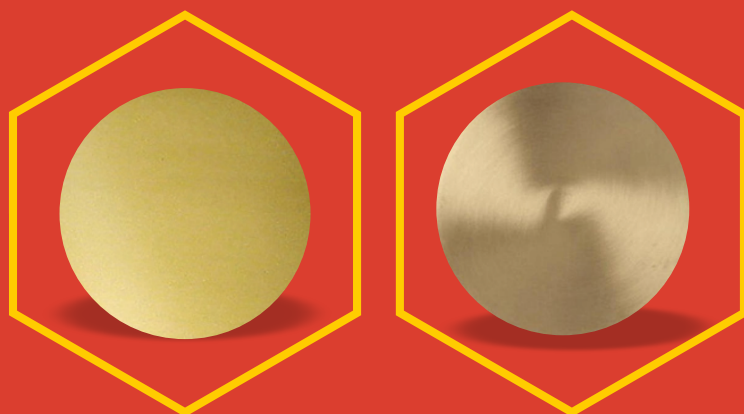

Brass Circle

The Company Is Offering An Exclusive Range Of Brass Circles That Is Manufactured From Premium Quality Brass. Our Brass Circles Suit The Requirements Of Diverse Industrial Applications Owing To Their Exceptional Performance And High Durability. In Addition, Our Brass Circles Are Offered At Reasonable Prices.

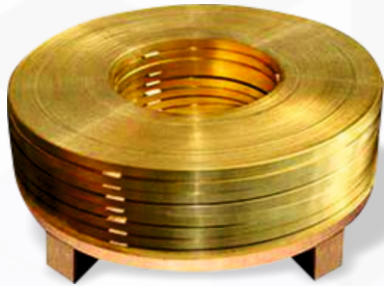

Product Details:

Type	Brass Circles
Material	Brass
Shape	Circles
Application	Construction
Feature	Corrosion Resistant, Fine Finish, Good Quality
Condition	New

Brass Coils

Our Brass Coil Is Widely Used In Automatic Machines For Increasing The Production And For Reducing The Wastage. Owing To The Durability And Reliable Performance Of Our Brass Coils, We Are Regarded As One Of The Well Known Brass Coil Manufacturers, Exporters, Importers, And Suppliers In The Industry.

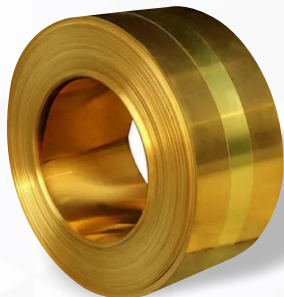

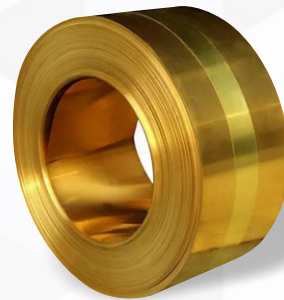

70 Brass Coils

Brand	Mittal Engineering Industries
Usage/Application	Industrial
Material	Brass
Thickness	0.08- 3.0mm
Grade	70
Shape	Round
Finishing	Polished

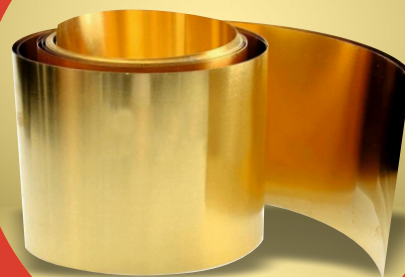

63 Brass Coils

Brand	Mittal Engineering Industries
Usage/Application	Industrial
Material	Brass
Thickness	0.08- 3.0mm
Grade	63
Finishing	Polished

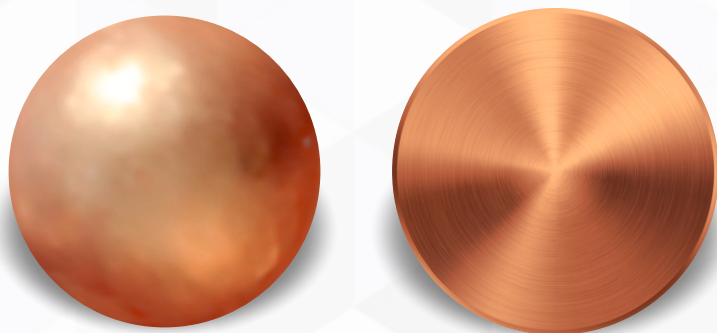

85 Brass Coils

Brand	Mittal Engineering Industries
Usage/Application	Industrial
Material	Brass
Thickness	0.08- 3.0mm
Grade	85

Copper Circle

Our Copper Circles Are Made Of Different Grades Of Copper. The Copper Circles Manufactured, Exported, Imported, And Supplied By The Company Have Superior Quality And High Durability. Owing To The Various Suitable Features Of Our Copper Circles, They Are Widely Used In Oil And Gas Lines.

Product Details:

Type	Copper Circles
Material	Copper
Shape	Circles
Application	Industrial use
Color	Copper
Features	Corrosion Resistance, High Quality

Copper Coil

Mittal Engineering Is One Of The Leading Copper Coils Manufacturer & Supplier In India. The Premium Copper Coils Manufactured, Exported, Imported, And Supplied By The Company Are Widely Used In Manufacturing Radiators And Electrical Products For Remarkable Performance. Our Copper Coil Is Offered In Different Copper Percentages I.e. Ec/etp (99.99%) And Industrial (98.99%).

120 Copper Coil

Type	Copper Coils
Material	Copper
Application	Industrial use
Color	Copper Color
Feature	Corrosion Resistant, Fine Finish, Highly Durable
Condition	New

Naval Brass Sheet & Plate

We manufacture high quality naval brass sheet & circle used widely in marine applications. All the products we manufacture are tailored as per ISI specifications. Technical Specifications: Thickness minimum : 0.10 Thickness maximum : 6.00 Width / diameter minimum : 10.0 Width / diameter maximum : 1500 Length maximum : 2500 Widely Used In : Automotive radiators Defence equipment Lamp caps Metal zips Handicrafts Bath fittings Locks and Keys.

Used To Manufacture :

- ✓ Metal Zips
- ✓ Handicrafts
- ✓ Telecommunication
- ✓ Products
- ✓ Metal Products
- ✓ Bath Fittings

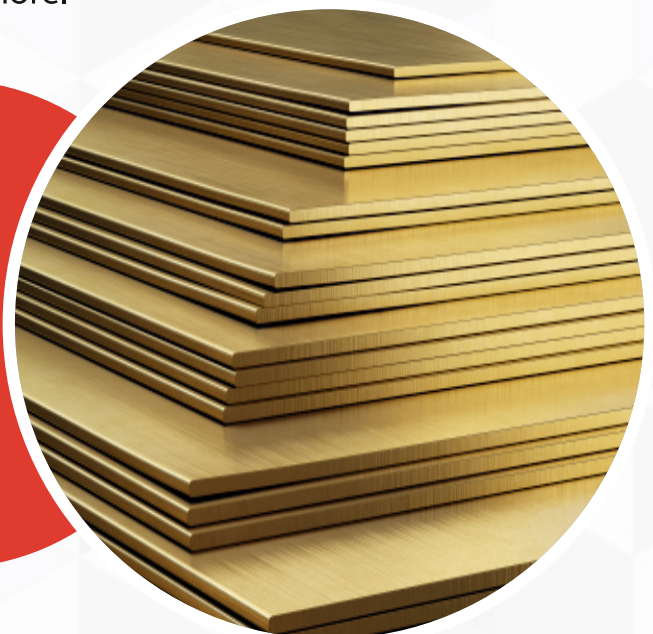

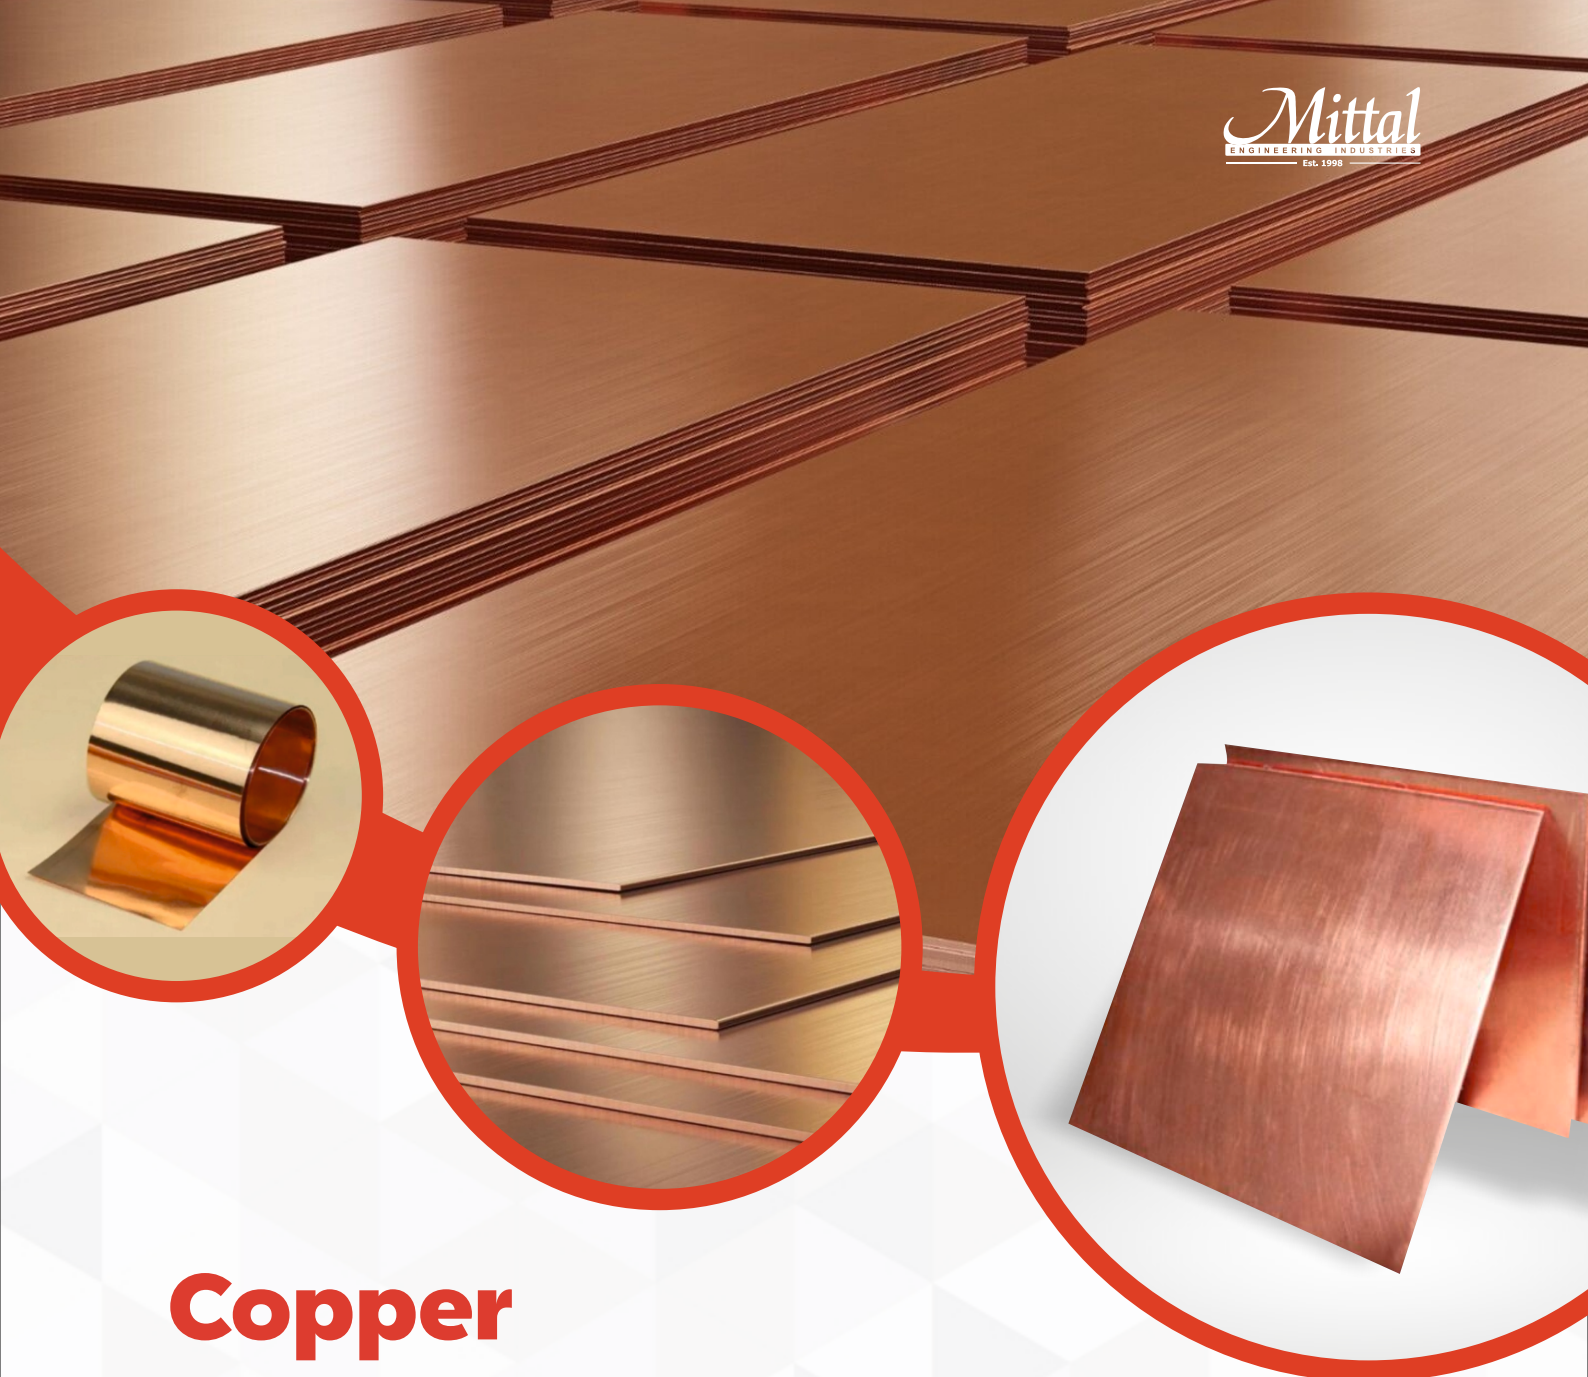

Brass Sheets

We are a major Brass Cold and Hot Rolled Sheets Manufacturer, Exporter & Supplier in India. The Brass Cold & Hot Rolled Sheets, offered by us, are widely used in transformers, water heater exchanger, automotive manufacturing, furniture, kitchenware, electronic industry, medical equipment, etc. Our Brass Cold Rolled Sheets are highly demanded by the customers for features like attractive appearance, wear & tear resistance, corrosion resistance, unbelievable endurance, durability and more. The Brass Hot Rolled Sheets, offered by us, have applications in platforms, screens, security panels, shelving, stair tread, sunshade panels, walkway etc. The customers can avail Brass Hot Rolled Sheets from us in different surface coatings such as anodizing, coating, electro-galvanizing, hot dip galvanizing, painting, powder coating and more.

Features

Brand	Mittal Engineering Industries
Type	Cold Rolled Steel Sheets
Material	Brass
Shape	Flat
Application	Construction
Color	Golden
Technics	Cold Rolled
Condition	New
Features	Anti Rust, Corrosion Resistant
Applications	Building Material, Industrial

Copper Sheets

We are a renowned Copper Cold and Hot Rolled Sheets Manufacturer, Exporter & Supplier in India. The customers can avail Copper Cold & Hot Rolled Sheets from us in desired thickness and size as per their specific needs. Our Copper Cold Rolled Sheets are widely used in chemical tank, pipe, building & construction material, medical equipment, food industry, kitchen utensils etc. The Copper Hot Rolled Sheets, we offer, can be heated over their recrystallization temperature of so that they get deformed in the middle of their rollers and can used for creating thin level of cross sections.

Features

Type	Cold Rolled Sheets
Material	Copper
Application	Constructional, Industrial
Color	Bronze
Condition	New
Features	Corrosion Proof, Excellent Quality, Fine Finishing, High Strength, Perfect Shape

Copper Strip

Assisted by modern technology, the company is offering quality range of Copper Strips. The Copper Strip manufactured, exported, imported, and supplied is made using finest grade of raw material. Our Copper Strips are widely used in numerous industries owing to their workability.

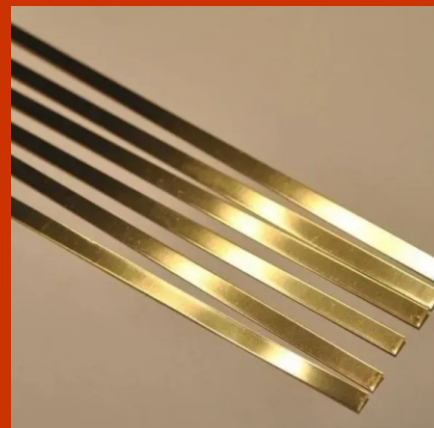

Important Characteristics :

- ✓ Excellent finish
- ✓ Corrosion resistance
- ✓ High reliability
- ✓ Durability
- ✓ Custom design

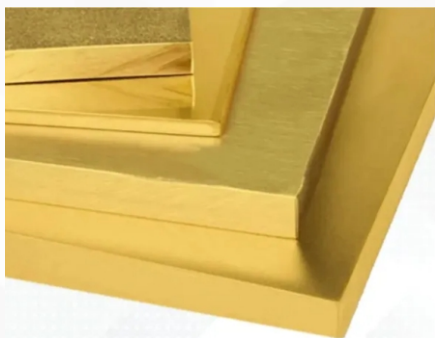

Brass Strip

The company is recognised as one of the prominent Brass Strip Manufacturers, Exporters, Importers, and Suppliers in the domain. The Brass Strips offered by the company are highly durable and provide unbeatable performance. For the convenience of the clients, we are providing our Brass Strips in different sizes and dimensions. Why Our Brass Strip : Highly durable High strength Easy to bend Available in different sizes and dimensions Reasonably priced Used In : Handicrafts Telecommunications Flashlights Springs Electronic Components.

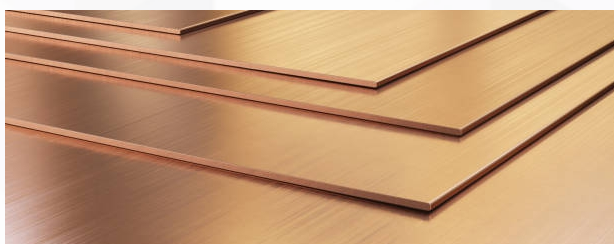

Brass Plate

We are a major Brass Plate Manufacturer, Exporter & Supplier in India. The Brass Plates, offered by us, are widely used in transformers, water heater exchanger, automotive manufacturing, furniture, kitchenware, electronic industry, medical equipment, etc. Our products are highly demanded by the customers for features like attractive appearance, wear & tear resistance, corrosion resistance, unbelievable endurance, durability and more.

Copper Plate

We are a renowned Copper Plates Manufacturer, Exporter & Supplier in India. The customers can avail Copper Plate from us in desired thickness and size as per their specific needs.

Leaded Brass Sheet

We are a renowned Brass Leaded Sheets Manufacturer, Exporter & Supplier in India. The customers can avail Brass Leaded Sheets from us in desired thickness and size as per their specific needs.

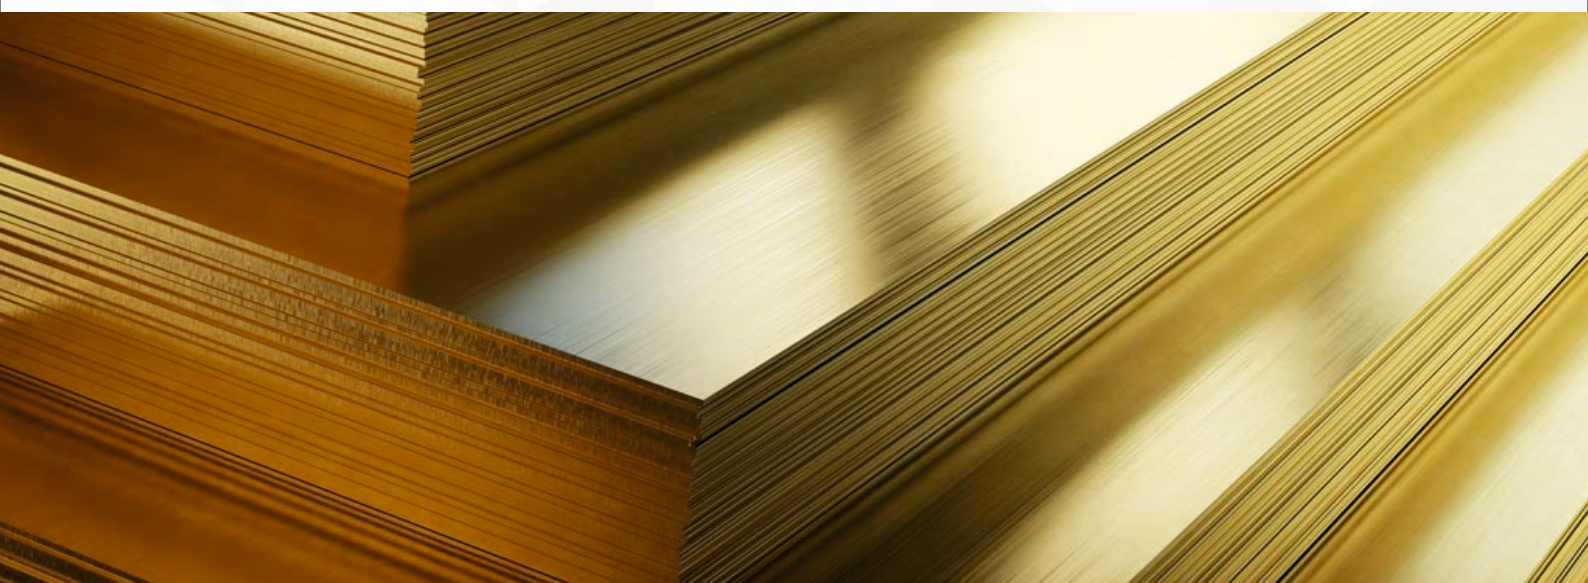

Product Range

DIMENSION PRODUCTS	THICKNESS		WIDTH/DIAMETER		LENGTH
	MIN.	MAX.	MIN.	MAX.	
COILS	0.08	3.00	10.0	406	---
SHEETS	0.10	6.00	10.0	1500	2500
CIRCLES	0.20	50.00	20.0	1500	---
PLATES	6.00	50.00	50.0	1300	2500

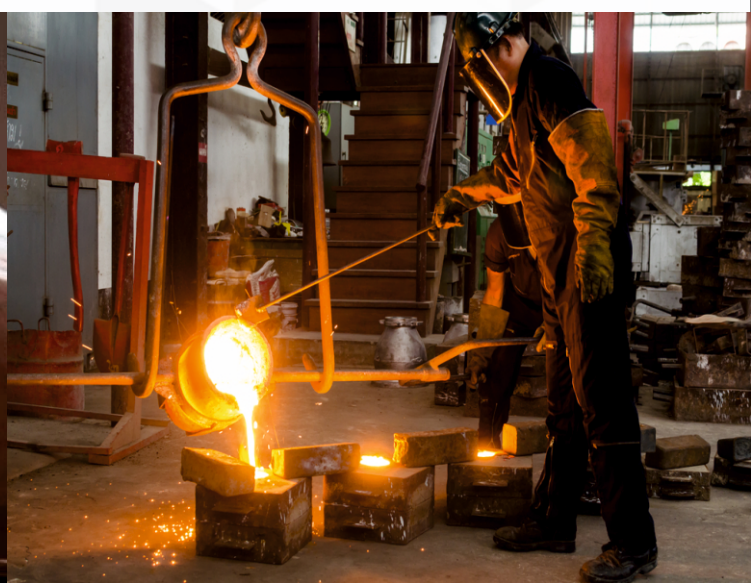

BRASS	TEMPER	HARDNESS RANGE	GRADE
	SPRING HARD, EXTRA HARD, FULL HARD, HALF HARD, QUARTER HARD, LHA, SOFT	60 VPN - 220 VPN	INDUSTRIAL FREE CUTTING NAVAL

COPPER	TEMPER	HARDNESS RANGE	GRADE
	FULL HARD, HALF HARD QUARTER HARD, LHA SOFT	40 VPN - 120 VPN	ETP. DHP. COMMERCIAL

Our Products

Products	Major Applications
ETP GRADE	Electrical Conductors, Contact Parts, XLPE Cables, Bus Bars, Earthing Strips & Transformers etc.
DHP GRADE	Gaskets, Domestic Appliances, Air Conditioning Systems etc.
TIN BEARING COPPER	Automobiles Radiators, Heat Exchangers etc.
BRASS 95/5 - Cu Zn-05	Detonators and Explosive Manufacturers etc.
BRASS 90/10 - Cu Zn-10	Electrical & Electronic Components, Connectors & Contact Parts, Ordnance Factories, Switches Etc.
BRASS 85/15 - Cu Zn-15	Jewellery And Metal Goods, Components For Electrical Industry Cladding Panels, Condenser Tubes, Heat Exchanger, Eyelets, Fastners.
BRASS 70/30 - Cu Zn-30	Terminal, Wiring Harness, Connectors, Cartridge Caps, Radiator Tubes etc.
BRASS 36/37 - Cu Zn-37	Lamp Caps, Switches, MCB's Radiators Tubes, Electrical Contacts, Torch Bodies and Component. Zippers, Eyelets etc.
BRASS 60/40 - Cu Zn-40	Automotive Locking Devices, Door Locks, Keys, Sanitary Fittings.
Leaded BRASS Cu Zn 40	Keys For Automotives, Sanitary Fittings, Door Locks, Hinges Etc.
Naval Brass Cu Zn 38Sn1	Precision Shipboard Equipment, Pressure Vessels, Condenser Plate, Heat Exchanges, Marine Hardware, Baffle Plates.
Cu Zn 37 (Less than 50ppm lead)	Handicrafts, Button Industry, Food Grade Utensils, Jewellery & Metal Goods.
